1966 Voted to amend the Building Ordinance.
Article. 23

1968 Voted to increase the membership of the Planning Board from five to seven members.
Article 27.

Voted to authorize and empower the Planning Board to draw up "Sub-Division Regulations" so called.
Article 27.

Voted to authorize the Selectmen to appoint a Building Inspector.
Article 28. Yes, 86 - No, 40

Voted to adopt a Town Ordinance regulating the duties of the Building Inspector as proposed by the Planning Board.
Article 29.

Voted not to adopt the National Building Code. This question, by N.H. law, was voted upon by use of the printed ballot used for the election of Town Officers rather than as an article on the warrant to be voted upon on the floor at town meeting.

1969 Voted to adopt the National Building Code to be applicable to all construction within the Town. Comment as to the method of voting is the same as above item of 1968.

1970 Voted to adopt a Zoning Ordinance as proposed by the Planning Board. Comment as to the method of voting is the same as is indicated in the two above items.

3. During the entire period of its functioning, every member of the Planning Board has been motivated toward one achievement and that is to serve the Town in such manner as to assure its general well being; and to maintain a spirit of unity and good-will among its citizens in spite of diverse opinions on the several issues presented for consideration.

4. With the adoption of the National Building Code, Sub-Division Regulations, Zoning Ordinance, plus the authorization of a Building Inspector and a Town Ordinance regulating the duties of that officer, we have not received a single report of dissatisfaction with the operation of these media for the maintaining of a better community well-being. This fact is intrepreted to mean that your Planning Board has enjoyed a measure of success toward accomplishing its purposes and goals.

5. Responding to a request of the Board of Selectmen, the Planning Board has completed a study of the police protection available to the town. The recommendation of the Planning Board as a result of this study is reflected in the

warrant for the current Town Meeting. Favorable action on the applicable article is further recommended.

CONSERVATION COMMISSION

"Water, water everywhere and not a drop to drink." Several large bottling firms including Coca Cola, Canada Dry and Cott have announced plans to market a drink of fresh water. The reason given is that pollution or the fear of it has created a $100 million market for pure water.

Your Commission has focused attention on maintaining or improving the quality of water of local ponds and lakes.

Random water samples tested last summer show increasing levels of phosphate and baeteria in Gilmanton's public waters.

On August 25, 1970, more than 180 concerned property owners met at a public meeting co-sponsored by the Historical Society and the Conservation Commission to discuss priorities for protecting our environment. It was clear from the concensus of opinions expressed that water pollution detection and prevention was of paramount interest.

That evening the Historical Society membership voted to contribute $100 to pay half the estimated cost of a water quality and septic system dye test program. (An article appears in this warrant requesting a matching sum of $100 for this initial minimum program for pollution detection.)

The money will cover only the cost of testing materials. All sample gathering will be done on volunteered time.

One hundred per cent cooperation will be necessary if this program is to succeed, particularly by property owners who have septic facilities in close proximity to streams, ponds or lakes.

Please contact any Commission member if you are aware of active pollution where remedial or preventative action is indicated.

Conservation is everyones responsibility. Cooperation and committment must be everyones contribution.

REPORT OF BUILDING INSPECTOR

The breakdown of building permits issued in 1970 are as follows:

Permanent Residences - 7
Summer Camps - 24
Trailers - 11
Additions or Remodel jobs - 12
Garage - 1
Barn or shed - 2
Trailers removed from Town - 6

The year 1970 from March on, is the first year with town zoning being in effect. I wish to report that, as a whole, the response to our zoning ordinance has been most cooperative because people are realizing more and more that unregulated growth causes many serious and costly problems for any town.

The State of New Hampshire is getting very strict on sewage disposal. This affects the town in general but very strongly affects all of our lake developments. Undoubtedly this will create some serious problems with the small lot layouts in these developments.

Gilmanton is experiencing a strong growth pressure as is evidenced by the number of permits issued. Our town is changing faster than many people realize.

Balance December 31, 1970		NONE

(a) DUE from State of N.H.; Gasolene Tax Refund: $18.01

This department continued to enhance its capacity for fire fighting services by the purchase of the following items of essential equipment:

4 ea.	SurviAir Spare Cylinders	$ 290.00
2 ea.	No. 10 Purple K Extinguishers with brackers	73.50
5 ea.	Plectron Radio Receivers 300; with brackets, cable, battery, charger circuit and telescropic antenna	677.95
30 pr.	Firemens boots	570.10
1 ea.	Dry Hydrant Kit plus 60' 6" pipe	149.20
2 ea.	B Beam "C" Lamps	73.00
2 ea.	50' lengths 3/4" Booster Hose	85.00

Plus cost of lesser items of equipment and expenditures for maintenance of equipment	302.61
Total:	$2,221.31

Analysis of the foregoing financial statement indicates that the members of this department continued to render financial support thereto as is indicated by the fact that funds in the amount of $1,053.50 have been transferred from the Special Account (own funds) to the Primary Account (Town Appropriation). In addition $400.00 was again donated to this department by the members of our Ladies Auxilary (Plectrons). The total of $1,453.50 thereby received made it possible for the department to make much needed purchases of equipment over and above the availability of funds from the Town Appropriation. Although we have expressed departmental appreciation to the members of our Ladies Auxilary from the indicated donation in the amount of $400.00, and for many other outstanding services rendered to the department, we would be remiss in our responsibility were we not to take advantage of this opportunity to express our thanks and gratitude.

NEW FIRE STATION. Although the March 10, 1970 town vote on the question of a bond issue to assist in the construction of a combined fire station and post office was in the negative, no action would have been taken had the vote been in the affirmative. This is due to the fact execution of any approved bond issue would have been contingent upon the execution of a valid lease with the Post Office Department for the space proposed to be made available for a post office.

Undoubtedly, motivated by in good part by the 1970 proposal for new construction by this department, the then existing post office facility has been considerably enlarged and improved, much to the appreciation of all postal patrons. For this reason any lease for a new post office could not be developed further.

However, the members of this department are making plans for new construction to be attached to the south portion of the former Gilmanton Iron Works Elementary School title to which property has been transferred from the town to the fire department pursuant to the affirmative vote at last town meeting on the applicable article of the warrant.

To provide adequate land for the proposed construction, two additional parcels of land have been procured along the previously existing southerly property line. The first of these two parcels is directly south of the school building with a frontage on Church Street of approximately fifth feet. The second parcel is located along the more easterly portion of the southerly boundary and is directly in the rear of the first parcel previously referred to. This second parcel has a north and south measurement of approximately fifty feet. The total land now available will provide ample space for any proposed construction which may be

contemplated and will provide for adequate frontage, set-back and front apron area. The entire property now assumes the shape of an irregular rectangle with straight lines for each of its four sides.

A building committee has been appointed from among the membership of the department. We anticipate that this committee will soon be active in developing future construction plans and programs.

ADDITIONAL TANKER. A military 10 wheel drive, two and one half ton truck has been obtained, without cost, from the New Hampshire Forestry Service. We are now in the process, by our own labor, of converting this vehicle into a 1250 gallon tanker to be further equipped with many items of essential auxillary equipment.

RESCUE SQUAD. This department, together with the membership of the Peaked Hill Fire Department, continue to render enthusiastic support to the Gilmanton Rescue Squad. This is in part accomplished by dual membership on the part of selected members of the department and by financial support from our Special Account. The availability of the services of this outstanding unit of protective service is such as to be a source of pride by all citizens of this community and likewise is such as to warrant a full measure of support.

MINUTES OF PUBLIC HEARING

February 21, 1970

Public hearing held February 21, 1970 at the Town Hall in Gilmanton Iron Works at 8:00 p.m. to consider the incurring of indebtedness for the purpose of erecting a new fire station. The three selectmen, Harry Sawyer, Howard Osler and David Bickford were present. Chief Ralph Forsyth presented his views on the necessity of a new fire house. Col. W. A. Emond, Secretary of the Fire Department gave the financial background to the issue. and President Walter Skantze related the committee's report on choice of sites for the proposed station.

There was an opportunity for everyone to speak on the issue that so desired.

February 23, 1970

At the weekly meeting of the Board of Selectmen, Howard Osler motioned to authorize the admission of article 29 to the Town Warrant, this motion was seconded by David Bickford, and was unamimously approved.

The motion was as follows:

> Article 29: To see if the town will raise and appropriate a sum not to exceed Fifty thousand dollars, ($50,000.) for the purpose of constructing a new fire station on the site of the former Gilmanton Iron Works Elementary School retaining the portion named for Myrtle Marsh, the sum appropriated to be raised by long term notes payable in 20 equal yearly installments plus interest beginning in 1971, but with the right of the Town to accelerate payment of any unpaid installments. This appropriation is not to become effective and Town notes issued unless the Gilmanton Iron Works Fire Department subleases a portion of the building not necessary for fire department purposes, to the United States Post Office Department.

GILMANTON CORNER FIRE DEPARTMENT

The following report covers the activities of the Gilmanton Corner Fire Department from January 1st thru August 4th at which time Deputy Alfred LaRoche was elected chief.

We are now using the name Gilmanton Corner Fire Department as we find it to be far less confusing to some of the mutual aid fire departments than the name 'Peaked Hill'.

Upon the passage of Article 5 of last years warrant, making $5,200 available for the hiring of a paid fireman, Chief Forsyth and myself with the guidance of the Fire Commissioners set about engaging a qualified man. Surprisingly to many people, we had several applicants, among them a former driver for the Laconia Fire Department who was known by both Chief Forsyth and myself. He was hired and we at the Corner are well satisfied with him. We now have immediate fire coverage for two weeks out of each month. Plan your fires when he is covering our station, it takes him longer when he drives from the Iron Works.

June 6th and 7th - fourteen of our members attended all day classes at the Lakes Region Mutual Fire Aid Training School at Lily Pond, Gilford. All active firemen are now attending these classes.

A new Red Phone, also a new All Other Business Phone have been installed in the fire station.

A new flush toilet, lavatory and septic tank have been completed. We have waited a long time for this. Water from the artesian well has always been a dark brown color since the well was drilled. Test of the water were made and recommendations for the proper equipment given. Water purification equipment has been purchased and installed since Chief LaRoche took over.

Our fund drive committee conducted another very successful drive this summer. This committee works hard preparing and carrying out this drive and are well rewarded for their effort. I wish to thank each one of you who contributed.

The two Clam Bakes at the Smith Meeting House were a 'sell out' again this summer. Sorry we can not accomodate more people. My thanks to all the committee who work so hard at these clam bakes.

One cottage was burned to the ground during the night of February 28th at Shell Camp. A pile of ashes was discovered the following morning where a cottage stood the night before. No one discovered the burning building. Two other occupied cottages have caught fire this winter. Each was heated by a wood burning stove which burned through an outside wall. Fire damage was kept reasonably low, however water damage was quite extensive. More care should be exercised when installing heaters.

I feel our fire service in Gilmanton Corner has improved immensely in recent years, especially with the addition of our day-time fireman.

Respectfully submitted,
AUSTIN C. BARLOW

REPORT OF THE FOREST FIRE WARDEN & DISTRICT CHIEF

The 1970 forest fire season was a quiet one in this area, quiet in part because of your continued cooperation and favorable weather conditions.

Fires that did occur were, for the most part, caused by debris burning, children and smokers.

The elimination of these three causes of forest fires would drastically change this picture. To bring about this change, we make the following suggestions:

1. When the ground is not covered with snow, a permit to burn must be obtained from the Forest Fire Warden. This permit covers waste burning, even if in an incinerator, grass burning, as well as garden trash and brush burning. Such burning is restricted by regulation to prior to 9:00 a.m. and after 5:00 p.m. with the following exceptions:

   Commercial or industrial burning is permissible at any time under normal conditions but only with the approval of the District Chief and a written permit from the Forest Fire Warden.

2. Fires caused by children can be prevented only with the complete cooperation of parents in the supervision of their children. Keep matches out of reach of children. This action will help to prevent fires and may save a life, the life of your child. Try to explain this to your child, won't you?

3. Forest fires caused by smokers can be reduced in number by the exercise of more care in the discarding of matches and smoking material whether from a vehicle or by a hiker. In all cases, make sure that the butt or match you discard is out, dead out. Smokey says "Thanks for your help", and invites you to join with him in setting a good example for others in the prevention of fires and the protection of our environment.

Number of fires reported and acres burned:

STATE	484 fires	244 acres
DISTRICT	30 fires	42 acres
TOWN	2 fires	¼ acre

CIVIL DEFENSE

Activities in Gilmanton Civil Defense this year have been rather slow as far as surplus properties. The struggle that our nation is encountering near and far from home made it necessary that much equipment that would have been declared surplus be used in the field.

The Gilmanton Civil Defense has purchased decals to be placed on all homes in Gilmanton indicating that there is an incapaciated person living in this house. This was a thought of your Rescue Squad and working closely with them thought that this was a very good project. There will be two stickers placed at each home, one on main entrance of home and one on window where the person sleeps. It is hoped that anyone who would like these decals contact David Slocum, Captain of Rescue Squad, Mark Sawyer, Lt. of Rescue Squad or your Civil Defense Director.

Civil Defense has also purchased a Break-away stretcher for use by the Rescue Squad. This is the most modern stretcher made today on which a person can be placed with the least movement for the patient.

Again your Civil Defense and Rescue Squad are at this time trying to acquire a new rescue truck. The one we have has served us well but because it was a military vehicle we find that there are parts we can not purchase to keep the thing going. Also it is top heavy and crammed because of all the equipment the Rescue Squad now has. This year as in the past the Fire Departments have as they agreed financed the rescue arm of the fire service in Gilmanton.

To all others who have helped the Civil Defense in anyway and for your continual fine support, I am grateful.

Respectfully submitted,
Alfred LaRoche
Civil Defense Director

STATE REPRESENTATIVES REPORT

George B. Roberts, Jr.

The 1971 Session of the New Hampshire General Court has begun with a very busy schedule and will prove to be one of deep involvement in major legislative changes. Although the General Court has been in session little more than one and one half months as of this writing, over 1500 bills have been introduced.

You probably know that I have been very active in the Legislature and have tried to date to voice your views on any matters that you have indicated are of concern to you. I intend to continue sending you legislative reports as the Session progresses.

With this busy Session, there have also been many additional responsibilities and challenges. This Session I was appointed as House Majority Leader - a position of responsibility and challenge. This is the first time in history that a representative from Gilmanton has held that position.

I've been appointed also as Chairman of the Rules Committee which determines the flow and introduction of all House legislation and the parlimentary rules which we adopt. I was again elected as Chairman of the Belknap County Delegation to chair on matters concerning county government.

On town election day, I will be circulating a petition requesting that the Department of Public Works and Highways continue the Gilmanton Betterment Project on Route 107 to the Belmont town line. I ask for your support in this project - I hope you will make it a point to sign the petition. We were very successful in obtaining a betterment project on Route 140 near Iron Works Village by petition request.

I'm pleased to pass on to you the many favorable comments I've heard concerning the changes made in the town government and the good relationships with town officials and state agencies. This positive attitude with state agencies has worked to our advantage particularly in regard to the transfer of state land to our town and the granting of right-of-way to public waters.

As always, I am interested in any comments or suggestions regarding prospective state legislation and look for these opinions and suggestions to give me direction in voting.

Sincerely yours,

George B. Roberts, Jr.

SCHOOL WARRANT

The State of New Hampshire

To the inhabitants of the School District in the Town of Gilmanton qualified to vote in district affairs:

You are hereby notified to meet at the Gilmanton Elementary School in said district on the fifth day of March, 1971, at 8:00 o'clock in the afternoon, to act upon the following subjects:

1. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent of the district.

2. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.

3. To choose Committees in relation to any subject embraced in this warrant.

4. To see what sum of money the district will vote to raise and appropriate for the support of schools, for the salaries of school district officers and agents and for the payment of statutory obligations of the district.

5. To see what sum of money the district will vote to raise and appropriate for the establishment of a contingency fund to meet the cost of unanticipated expenses that may arise during the fiscal year.

6. To transact any other business which may legally come before this meeting.

Given under our hands at said Gilmanton this sixteenth day of February, 1971.

ANNUAL SCHOOL DISTRICT MEETING

Town of Gilmanton

Gilmanton Elementary School – March 7, 1970

Pursuant to the attached warrant, a meeting of the School District of Gilmanton was held at the time and place therein stated.

Meeting called to order by the Moderator, Howard Osler, and warrant was read.

1. Voted that the salaries of the School Board and other officers of the District for the 1970-71 school year shall be as follows:

Chairman, School Board	$75.00
2 School Board Members	60.00 each
Treasurer	50.00
Moderator	5.00
Clerk	5.00
Auditors	15.00 each
Truant Officer	100.00

2. Voted that the reports of Agents, Auditors, Committees and Officers chosen shall be accepted as printed in the 1969 Town Report.

3. Taken care of by Town Auditors.

4. Voted to take item by item.

Voted and seconded that the district raise and appropriate the sum of one hundred eighty-nine thousand, five hundred forty-nine dollars ($189,549.00) for the support of schools, for the salaries of school district officials and agents and for the payment of statutory obligations of the district and to authorize the application against said appropriation of such sums as are estimated to be received from the State Foundation Aid Fund together with other income, the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.

5. Voted that the district raise and appropriate the sum of one thousand dollars ($1,000.00) to establish a contingency fund to meet the cost of unanticipated expenses that may arise during the fiscal year. A detailed report of all

expenditures from the contingency fund shall be made annually by the school board and published with their report.

Motion was made and seconded concerning the $2,000 appropriated for Capital Outlay, Item 1265. It was stipulated that all jobs must be put out to bid, must have a performance contract and a completion date.

Motion was made – calculated on last years teachers' salaries – to change the 4% base salary to 5½%. Motion was withdrawn following discussion.

Voted to adjourn.

Gloria R. Munsey,
Clerk

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the People of the Gilmanton School District:

This is my first report to you as your Superintendent of Schools. I am pleased to say that the Gilmanton Elementary School has and is now providing the opportunity for a good education to the children of the town. The faculty and staff of the school understand the needs of the students and have worked cooperatively to further the educational processes.

There are many changes taking place in the field of education. All of these changes are designed to improve the learning of the individual. If the Gilmanton School District hopes to provide an education for its children that will prepare the child to be competitive with children of other areas, it is necessary that money be invested to investigate new methods and materials and when needed, provide the funds necessary to implement new methods and procedures. Most new procedures go far beyond the textbook approach. It is impossible to teach all the "facts" of today. It is necessary that we then give a good basic education and expand this to stress the methods used by a person to be able to find out how and what is necessary of any particular question. If we can teach this, the child will be prepared for any problem that might arise throughout their life.

The physical condition of your building is good. Your custodian has done a fine job of keeping the building in almost new condition. He has done a great deal of extra work to make the building more functional. I am sure the people of the town appreciate his interest in maintaining a fine building. As the years go by, the task of maintaining the facilities becomes greater. Costs of repairs are expensive but continual maintenance is less than that of major repairs.

Enrollments are creeping up. As I write this, there are four more students enrolled now than there were at the start of school in September. The first and second grades class enrollments are higher than the State Board of Education's minimum recommendations. If increased enrollment continues at the rate that it did this year (13.4% over last year), it will not be long before thoughts should be directed towards housing the increased school population.

The AREA committee composed of Betty Smithers, Walter Skantze and George Twigg, III have worked diligently towards preparing an article for consideration by the school district. It was hoped that this might be presented at this years district meeting but it now appears unlikely. In all probability, a special School District Meeting will be called later in the year to hear their report.

The School Board composed of Ann McKinna, Chairman, Phyllis Crosby and George Twigg, III have worked hard to provide what is needed for the students with the interest of the people of Gilmanton in mind. They have met with several groups of interested parents through the year and have made decisions which are best for the greatest number. Often being a school board member is a thankless task so I would at this time, like to publicly thank them for a job well doneas seen by the Superintendent.

Respectfully submitted,

JOHN P. BALL
Superintendent of Schools
